

MY COUNTRY REMAKE

I love the ochre soil,
The tattered boab tree.
The lovely seas of Gold Coast
The edge of Kimberly.
The iconic Opera House,
The sights of Uluru.
I love this grand old country,
I know you'll love it too.

The view on Cradle Mountain,
The quokkas at Rottnest.
The packed docks at Fremantle
The beach days at its best.
Historic old cave paintings,
Filled with white, red and gold.
The flora and the fauna,
Our colours strong and bold.

I love the Barrier Reef,
The Margaret River way.
I love the Aussie Outback,
The whales at Byron Bay.
The strong waves at Bondi Beach,
The falls at Kakadu.
The Sisters at Echo Point,
The land of the true blue.

It's the country that I love,
The country of my dreams.
From the orange sunset skies,
To the soft, charming streams.
I have been many places,
But despite what see...
Australia is my country,
And that will always be.
